Dear Student,

The Finnish universities undertake the national student feedback survey Kandipalaute among graduate students. You have been invited to the survey because you have either graduated with a bachelor's degree during the period 1.1.-31.7.2013, or because you gained a right to study in 2010 in a field where bachelor degrees are not recognised (eg. medicine or dentistry). The survey is running from 30.9.-18.10.2013.

The results are meant to support improvement of the study situation at the Finnish universities. Also, the Ministry of Education and Culture plans to recognise the universities' efforts by including elements of the survey in the national higher education funding scheme.

Your answers are very important to us!

The survey takes about 20 minutes. It is possible to discontinue and recontinue the survey. Using the link again, you will reach the same page you left before. At the end of the survey, it is possible to receive a feedback of your own results compared to the Finnish graduates of spring 2013.

Personal data is not of interest, and privacy will be secured in all stages of the survey and its analysis.

Thank you very much for your participation!
