The main questions in the semi-structured interviews with Greenlandic Inuit in Greenland and in diaspora (taken from the author's doctoral thesis, p. 45):

Music

How often do you make music?

How do you feel when you make music?

How often do you listen to music?

How do you feel when you listen to music?

Soundscapes

What sounds do you hear in your environment in and outside your house?

How do you feel when you hear them?

Have they changed over the past years?

How would you compare the soundscapes of other places you've visited or lived in to those of your current environment?

How do you think your environment's soundscape might change in the next years?
